Course description:

An introduction to Rag Rug making during which you will learn the techniques of Hooking and Proggng.

"During this workshop I will demonstrate the traditional techniques of hooking and "proggng" strips of fabric through hessian backing to make rugs, wall hangings or smaller objects such as coasters.

You may start a sample rug to finish at home which requires a simple tool and can be worked on knee or table, giving a shaggy, cut pile.

Equipment needed:

Please bring with you any fabrics that you wish to include and a sharp pair of scissors. I will provide the backing fabrics and we will also be given recycled fabrics from a local charity shop. Some of the best things to recycle for Rag Rugging are blankets, curtains and machine knitted jumpers – nothing too loosely woven. Please wear old clothes as fraying fabrics can become quite messy.

Course fee:

£28.00
